SEPTEMBER 11, 2008 WEEKLY UPDATE

Councilman Young with community members at the New Eraa 2008 Back to School Conference and Festival

SEDC PERFORMANCE AUDITS

The SEDC Performance Audit I requested over a year ago was submitted to the City on Wednesday, September 10, 2008. A public hearing on the Performance Audit will be held at a Special Meeting of the City Council Audit Committee on Monday, September 15, 2008 at 9:00 a.m. in City Hall. I made the audit requests to review the organizational structure and practices of SEDC to determine how to make it more efficient and effective in its mission to redevelop our area. Further, my desire was to have our City government carry out the successful private sector practice of regularly conducting departmental performance audits to ensure efficient and effective production and implement new procedures and strategies as appropriate.

The SEDC Performance Audit will assist the City, the SEDC Board of Directors, with its newly elected Chairman Cruz Gonzalez, and the communities of Districts 4 and 8 to build upon the corporation's good and make it even more viable, efficient and effective. My vision for SEDC includes transparency, improved staffing levels, and improved public accessibility. With appropriate adjustments, in the reasonable future I expect to see more market rate and affordable housing, more commercial developments and more infrastructure improvements to the communities of

Southeastern San Diego.

Finally, I want to be clear. There is talk of merging SEDC into the City government structure or with the Centre City Development Corporation. I do not or will not support these efforts. I intend to work with the Board of Directors and my colleagues on the Council to implement recommendations for management restructuring, and tighter fiscal controls and reporting. However, I believe that the current independent, quasi-government agency status is best for our community.

SUMMER CURFEW SWEEPS NET SUCCESS

Summer is a time when many youth are out of school, looking for things to do, and unfortunately vulnerable to victimization. The Commission on Gang Prevention and Intervention recommended increase use of curfew sweeps to reduce such victimization. This summer Southeastern Police Captain Tony McElroy and his division team implemented monthly curfew sweeps throughout the 4th District. According to program coordinator Officer Rudy Tia, for the months of May through August of this year, 132 curfew violators were picked up during the sweeps. Juveniles were arrested for narcotics, weapons and gang related violations. Many more of our youth were counseled by community volunteers and/or representatives from the Jackie Robinson YMCA or other agencies that serve youth and either driven home by police or had their parents pick them up. One purpose of the curfew sweeps is to prevent juveniles from becoming victims of crime. "When young people are out late at night there is a high propensity of them being crime victims," said Tia whose passion is to make the streets, parks and playgrounds safe for young people. I believe our community is benefiting from these aggressive measures to ensure our children's safety. Valuable efforts like this send a message to parents in our community and remind them to keep their kids safe. I want to extend special thanks to the officers involved in the curfew sweeps and to the responsible parents who work to ensure their children's safety around the clock. The curfew law within the City of San Diego is from 10 p.m. until 6 a.m. the next day for individuals under the age of 18. Exceptions to the curfew law include: if the juvenile is traveling to or from work; if the juvenile is attending an official school, religious or other recreational activity supervised by adults or if the juvenile is involved in an emergency. Should you have any questions regarding the curfew, please contact Officer Tia at 619-527-3511.
